ST. MARY'S HOSPITAL, W. 2.

(Incorporated by Royal Charter.)

In-Patients treated during 1939	6,367
Out-Patients and Casualties	43,091
Attendances by Out-Patients and Casualties	205,961

"Every gift to the great Teaching Hospitals is a gift to the future, of which the value increases from one year to another"

("THE TIMES," 20th July, 1933).

AN EARNEST APPEAL IS MADE FOR NEW ANNUAL SUBSCRIPTIONS AND DONATIONS

St. Mary's Hospital,

W. 2.

(INCORPORATED BY ROYAL CHARTER)

ANNUAL REPORT

FOR THE YEAR ENDED
31ST DECEMBER, 1939.

1940

FORM OF BEQUEST.

I give and bequeath to the Treasurer or Treasurers for the time being of a Corporation called the President and Governors of **St. Mary's Hospital**, Paddington, the sum of *.....
to be applied in and towards carrying on the charitable objects of the Institution. I direct that the said sum be paid free of Legacy Duty, and that the receipt of the Treasurer or Treasurers for the time being of the said Corporation shall be a sufficient discharge to my Executors for the payment of the same; and I further direct that the said sum and the Legacy Duty thereon respectively shall be paid exclusively out of such part of my personal estate as may be legally bequeathed for charitable purposes, and in priority to all other payments thereout.

* *The sum to be expressed in words at length.*

A most fitting and beneficent **Memorial** to a departed relative or friend is an **Endowed Bed** in **St. Mary's Hospital.**

The benefactions which confer the privilege of Endowment are as follows:—

	Bed.	Cot.
Endowment in perpetuity	£1,000*	£500*
Endowment during Life	400*	200*
Annual Endowment	60	40

Subject to the Regulations of the Hospital, persons endowing beds or cots as above enjoy the privilege of naming such beds or cots and of nominating patients to occupy them.

* *May be paid in Four Annual Instalments.*

See pages 27 to 30.

FORM OF ORDER ON SUBSCRIBER'S BANKER.

.....*day of*.....*19*.....

To Messrs.....

.....*Branch.*

Please pay The Westminster Bank, Limited,

Paddington, (Marble Arch) Branch, 1, Connaught Street, W. 2, to the credit of

St. Mary's Hospital, W. 2, *the Sum of*.....*Guineas,*

and continue the same on the.....*day of*.....*annually until further notice.*

Signature.....

Address.....

£.....

The "Lindo" Wing

Opened by Her Majesty the Queen
on 22nd November, 1937
for the benefit of patients of moderate means in need of facilities available at the hospital.

The Wing contains 66 single bedrooms, but during the present emergency only a limited number of rooms are available for general medical and surgical cases, at 10 guineas per week.

Accommodation is provided for Maternity cases at 12 guineas per week.

In no circumstances must the fee for professional services exceed 100 guineas.

All patients must be under the care of a member of the honorary staff of the hospital, but general practitioners may visit, professionally, their patients in the Lindo wing to collaborate in their treatment.

Full particulars and brochure will be forwarded on application to the House Governor.

ANNUAL REPORT, 1939.

THE Board of Management have the honour to submit to the Governors and Subscribers their report for the year 1939, together with the accounts audited by Messrs. Price, Waterhouse & Co.

War conditions have rendered it necessary to reduce the Annual Report to almost skeleton form but the Board feel sure that the Governors and Subscribers, whilst realising the necessity for this drastic curtailment, will also fully appreciate the fact that the work of the Hospital has been, and will be, actively and energetically carried on.

St. Mary's has taken a leading part among the great London Hospitals in maintaining to the fullest extent possible in the present exceptional circumstances an uninterrupted service for the care of the civilian sick in need of hospital treatment. The Out-Patient Department has remained constantly open and no urgent case in need of institutional treatment has been refused admission. In addition, such of the Hospital's accommodation and facilities as were deemed necessary by the Government were placed at their disposal for the treatment of casualties which would inevitably arise in the event of any extensive air raid on London.

From time to time, since September 1st, and so far as official authority would permit, additional beds have been opened so that at present 352 beds are available in the Hospital; 192 for civilian sick and 160 reserved for possible air raid casualties. A part of the Lindo Wing has also been reopened and there are now some 25 rooms available for patients of moderate means, who may be admitted for treatment under the care of a member of the Medical Staff.

This policy of affording the widest possible facilities for the treatment of the civilian sick has been adopted by the Board of Management in the confident and earnest hope that all those friends who have so generously helped in the past will continue to lend their aid so that St. Mary's may maintain without interruption and without serious modification the beneficent work for the sick and suffering which has been carried on within its walls for nearly 100 years.

HER MAJESTY THE QUEEN.

The Board of Management desire humbly to express their deep gratitude to Her Majesty The Queen, as President of the Hospital, for her most kind and generous interest in the work of the Hospital throughout the year. It is a special pleasure to recall that St. Mary's was the first Hospital to be visited by Her Majesty in connection with the provision of accommodation for air raid casualties. Her Majesty spent some two hours inspecting the emergency medical arrangements and had for each patient in the various wards a kindly and encouraging word. Her Majesty's visit and message of appreciation will ever remain an inspiration to those working in the Hospital at a time of exceptional difficulty.

EMERGENCY MEDICAL ARRANGEMENTS

consequent upon the outbreak of War.

The plan drawn up by the Ministry of Health for dealing with air raid casualties provided that London and the surrounding areas should be divided into ten Sectors—the apex of each Sector being one of the great Teaching Hospitals, which was also to serve as the main Casualty Clearing Station for the particular Sector. Casualties after receiving emergency treatment were to be evacuated as soon as possible to outlying Institutions which, in some cases, had to be adapted specially for the purpose.

A Group Officer was appointed in charge of each Sector, assisted by a Sector Matron, a Lay Sector Officer and representatives of the Municipal Hospitals. In St. Mary's Sector, the Group Officer was Sir Charles Wilson; the Sector Matron, Miss M. B. Salton; and the Lay Sector Officer, the House Governor.

The scheme involved considerable modification in the working organisation of the Hospital. The operating suite, consisting of two theatres, situated on the top floor of the Hospital, was closed and a large ward on the ground floor was converted into a temporary operating suite with six tables. Special arrangements were made for the reception and registration of stretcher cases and a First Aid Post was established in the Medical School Garage by the Paddington Borough Council for the treatment of walking wounded.

On September 1st, the order was received to clear the Hospital. The great majority of patients were evacuated to their homes or to outlying hospitals. Only some 30 patients, who were too ill to be moved, remained. In addition, various members of the Honorary Medical Staff and a proportion of the Nursing Staff and Medical Students proceeded to their allotted institutions in the Sector. No hitch occurred in connection with the exacuation, which reflected great credit on the admirable arrangements made for transport both for patients and staff by the London Transport Board.

The bed complement of the Hospital, as laid down by the Ministry of Health, was reduced from 480 to 305, *i.e.*, 200 beds for air raid casualties and 105 for civilian sick.

Mr. A. E. Porritt, F.R.C.S., has been the Officer-in-Charge of the emergency medical arrangements of the Hospital, and the Board of Management would like to take this opportunity to record their real appreciation of the excellent work which Mr. Porritt has done in that capacity. The efficient manner in which he has carried out his duties

has brought the Hospital successfully through a very difficult period, and all associated with St. Mary's are deeply grateful to him for his work in this connection.

Happily to date, there has been no air raid, but the Board feel confident that if, and when, the call does come, St. Mary's will be quite ready to meet the emergencies which will of necessity arise.

FINANCE.

The audited accounts for the year show :—

Expenditure	£107,812
Income	£106,164
Deficit	£1,648

The deficit is somewhat less than was at one time anticipated but, combined with the deficit of £2,746 in 1937 and £4,763 in 1938, gives rise to a financial position of great anxiety, for at times during the current year the overdraft on the General Maintenance Fund amounted to well over £70,000.

The war has entailed such dislocation that no useful comparison can be made as regards expenditure with the preceding year. The Board of Management are deeply grateful to all those friends who, by their generous assistance, have maintained to a great extent the income of the Hospital. The curtailment of this report prevents any detailed acknowledgment of these gifts, but the Board feel sure that, in the circumstances, all will understand how much their help has been appreciated and how sincere is the Board's hope that in spite of the difficult conditions prevailing this help will, as far as possible, be continued.

Special mention can only be made of the following valuable additions received for the Endowment Fund during the year, which add for all time to the permanent income of the Hospital :—

Mrs. Shennan for the endowment of a bed "To the dear memory of Frank Parish, 1906" ...	£1,000
The Sir Henry Wood Jubilee Fund for the endowment of a bed for Orchestral Musicians in celebration of Sir Henry Wood's Jubilee ...	£1,000
The Executors of the late Mr. Thomas Macdonald Gray for the endowment of a bed in his memory	£1,000
The Executors of the late Miss Charlotte Fanny Gabriel for the endowment of a bed in her memory	£1,000

Arising out of the war, the Board of Management is faced with a position of exceptional difficulty with regard to the Extension Appeal Fund. During the past ten years, with the approval of King Edward's Hospital Fund for London, great and important extensions to the Hospital's work have been undertaken, involving an expenditure of well over £350,000. The final settlement at the end of the year on all the outstanding accounts for the work done disclosed a deficiency of over £11,000; the remainder having been obtained by voluntary gifts from friends of the Hospital.

Under normal conditions, this deficit would not have given rise to undue anxiety, for the Hospital had organised a series of annual events, such as the Golf Ball, to meet the anticipated deficiency on the Extension Appeal Fund. The war has now prevented such events being held and, in the circumstances, it is the earnest hope of the Board of

IMPORTANT NOTICE TO ANNUAL SUBSCRIBERS.

WITHOUT ANY EXTRA EXPENSE WHATEVER TO THEMSELVES Subscribers can materially increase the amount of their subscriptions by completing a form of Agreement* to contribute for seven years or during life, whichever shall be the shorter period.

Such an Agreement enables the Hospital to recover from the Inland Revenue authorities the amount of Income Tax paid thereon.

It also enables Subscribers liable to Super Tax to deduct the gross amount of their subscriptions from the income assessable for such tax.

The following table, calculating Income Tax at the rate of 7/6 in the £, indicates how Subscribers can benefit the Hospital without increasing their subscriptions :—

Net Amount of Annual Subscription payable by Subscriber.	Income Tax recoverable by the Hospital.	Gross Amount of Annual Subscription.
£ s. d.	£ s. d.	£ s. d.
1 1 0	0 12 7	1 13 7
2 2 0	1 5 2	3 7 2
3 3 0	1 17 10	5 0 10
4 4 0	2 10 5	6 14 5
5 5 0	3 3 0	8 8 0
10 10 0	6 6 0	16 16 0
21 0 0	12 12 0	33 12 0
31 10 0	18 18 0	50 8 0
42 0 0	25 4 0	67 4 0
52 10 0	31 10 0	84 0 0

* The necessary form of agreement will be supplied on application.

Management that some generous donor will come forward to clear this deficit so that the Hospital, unhampered by this additional burden, may be set free to face the inevitable financial anxieties of the future.

No support is more valuable at this time than that given by annual subscriptions which supplies an assured income so essential to the steady and planned development of the Hospital. Special attention is drawn to the arrangement whereby, without any extra expense to themselves, annual subscribers may, with income tax at 7s. 6d. in the £, increase by almost half the amount of their subscription to the Hospital by completing the Form of Agreement to contribute for seven years or during life, whichever is the shorter period. Full particulars of this Form of Agreement will be gladly supplied upon application to the House Governor.

NURSING STAFF.

The Board of Management record with the deepest regret the death of Miss M. B. Salton, who died in Hospital on Christmas Day after a long and serious illness most bravely and patiently borne. Miss Salton was appointed Matron in 1933. She rendered devoted service to the Hospital and belonged to that small and select body of women who have made the Nursing Profession in this country the pride and admiration of the world.

An invitation to fill the vacancy caused by Miss Salton's lamented death was extended to Miss M. G. Milne, the Matron of the General Infirmary, at Leeds. Miss Milne was formerly Matron of St. Mary's from 1928 to 1933, and the Board are glad to know that she has consented to return to her old Hospital to assist at this time of exceptional difficulty with her great ability and experience.

On the outbreak of war, a considerable proportion of the Nursing Staff was transferred to an institution in the outlying district which had been prepared as a Base Hospital for the Sector under the emergency medical arrangements; the remainder of the Staff stayed at St. Mary's, whilst the Preliminary Training School was transferred to Joyce Grove, Nettlebed. The dispersal of the Nursing Staff caused certain difficulties in training, but care had been taken to reduce these difficulties to a minimum. There has been a considerable increase in the number of applicants for training and the facilities afforded by the use of Joyce Grove has enabled this increased demand to be met.

The depleted numbers of Nurses at the Hospital have been filled by members of the Civil Nursing Reserve, whilst St. Mary's has taken an important part in the training of V.A.D.'s, of whom no less than 80 have received the institutional part of their training at the Hospital during the current year.

Adair Lodge, Aldeburgh, which, under the terms of the Will of the late Mr. F. C. Lindo, was endowed and bequeathed to the Hospital as a Convalescent Home for the use of the Nursing Staff, has proved an invaluable asset. Many Sisters and Nurses have greatly benefited and thoroughly enjoyed the excellent facilities which Adair Lodge, with its beautiful gardens and delightful surroundings, afford to those in need of convalescence and rest.

The tennis court, which was laid early in the year on a site in the neighbourhood of the Hospital for the use of the Nursing Staff, has been much used and greatly appreciated.

Thanks are due to Mrs. Ernest Ward for the garments which she so kindly sent for the children in Hospital.

St. Mary's Hospital

W.2.

The House Governor will be much obliged to anyone who will send to him Names and Addresses of persons not already contributing, who are likely to subscribe to the Hospital.

FIFTH ARMY MEMORIAL FUND.

The war has unfortunately interrupted the Appeal which was actively being made on behalf of the Memorial to the Fifth Army to be established at St. Mary's Hospital. It was confidently hoped that the total this year would be raised to £10,000; actually the Fund now stands at £9,252, and for this result the Hospital is deeply indebted to General Sir Hubert Gough for all the time and trouble he has so generously given in connection with the Appeal.

Work was commenced in the new Entrance to the Hospital in Norfolk Place, which was to form the main outward Memorial, for the chief object of the Fund was to endow two wards in the Hospital which would be available in time of necessity for all ranks who served in the Fifth Army and their dependents in need of hospital treatment.

It was not thought desirable to proceed with the completion of the new Entrance until after the war, although the major part of the work has been already completed, but a beautiful stone tablet has been placed in position in the Main Hall of the Hospital bearing the following inscription :—

> To the glorious memory of the Fifth Army under the command of General Sir Hubert Gough. Formed in 1916, constantly undertaking arduous tasks, it finally bore the brunt of the German offensive in March, 1918. Fighting against overwhelming odds this gallant Army perished, but the heroic resistance of all ranks stemmed the torrent and saved their country.
>
> " Greater love hath no man than this "

JOYCE GROVE, NETTLEBED.

Through the great generosity of members of the family of the late Mrs. Robert Fleming, Joyce Grove, Nettlebed,

was placed at the disposal of the Hospital immediately on the outbreak of war. This beautiful house is to be used eventually as a Convalescent Home for patients, but since September has proved of inestimable value as a Preliminary Training School for the Nursing Staff. It was doubtful in September whether the Preliminary Training School would be able to continue, but all doubts on this matter were set at rest by the generous offer of Joyce Grove, which has enabled the recruitment and training of the Nursing Staff to proceed on normal lines.

Joyce Grove has been shared for this purpose with Westminster Hospital. The arrangement with Westminster Hospital will terminate early in the New Year and it is hoped that, whilst our own Training School will remain at Joyce Grove, facilities will also become available for some patients of the Hospital to have the benefit of this delightful house and surrounding country during their period of convalescence.

MEDICAL SCHOOL.

The entry of full-course students for the Academic Year 1938-1939 was 69.

The number of full-course students who attended during the same Academic Year was 445, while 46 others attended for short courses.

In the Universities of Oxford, Cambridge and London, 25 students obtained First Degrees and 3 obtained Higher Degrees. During the year 40 students obtained First Diplomas and 12 obtained Higher Diplomas.

In athletics, the first half of the year alone was normal, the latter part being unsettled by the evacuation and dispersal

of the students. At the close of the year the School was still holding the following cups :—

United Hospitals Rugby Football Cups (Senior and Junior).
United Hospitals Association Football Cup.
Inter-Hospitals Golf Cup.
United Hospitals Rowing Cup.
The Mitchiner Cup and Gray Cup (O.T.C.) and several Swimming Cups.

On the outbreak of war, all Second and Third Year Students were evacuated to the University of Manchester under the charge of Professor Huggett and Dr. Robbins, whilst the First M.B. Students were provided for at Berkhamsted School owing to the kindness of the Governing Body and the Headmaster. They were accompanied by Dr. Ellis and other teachers from St. Mary's

Arrangements were made for all clinical students to continue their work at one or other of the Sector Hospitals to which patients had been evacuated, and where classes were held by members of the Medical Staff of St. Mary's, thus providing for the continuance of their work with the least possible disturbance.

INOCULATION DEPARTMENT.

Apart from a short period when the Out-Patient Department was closed at the outbreak of war, the treatment of patients has continued. In spite of transport and other difficulties, there has only been a slight diminution of the number of patients attending for treatment.

Since the war began, the First Floor of the Inoculation Department has been used for the purposes of blood transfusion. Many thousands of prospective blood donors have been enrolled and tested, and preparations have been made to collect large quantities of blood in case of need.

Certain of the scientific and technical staff have assumed emergency duties in connection with the war, but, although some research work has had to be postponed, sufficient staff has remained to maintain the essential routine duties of the Department, namely :—

1. The performance of the bacteriological investigations for the Hospital.
2. The teaching of bacteriology.
3. The preparation of vaccines on a large scale for the prevention and treatment of bacterial disease.

The completion of the equipment of the Third and Fourth Floors of the Department has proved of great assistance in the present emergency. The Virus Department has been actively engaged in the preparation of a virus vaccine against influenza. Bearing in mind the deadly epidemic of 1918, any procedure which will afford protection against the disease will be deeply appreciated.

All the vaccines now made in the Department are filled in the safest manner possible in containers for distribution to members of the medical profession throughout the world. This activity in war-time assumes an even greater importance than ever in view of the necessity for the prevention of bacterial diseases such as enteric fever, tetanus, whooping cough, diphtheria and influenza.

Sir Almroth Wright and the other workers in the Inoculation Department have continued their research work, more especially with regard to the mechanism by which the body resists infection and the method by which vaccines and serums can be used in combination with the new chemicals, sulphanilamide and M. & B. 693, to cure a number of acute and previously fatal bacterial infections.

A welcome is extended to Sir Andrew Duncan, G.B.E., who has kindly consented to become a member of the Governing Committee of the Inoculation Department.

THE MEYERSTEIN DENTAL RESEARCH LABORATORY.

Investigations have been made into the reactions of bone to septic infection, and work has continued on a classification of the innocent neoplasms of bone and of the odontological tissues. It is the earnest hope of the Board that Dr. Fish's research work may proceed unhampered by the war or by financial reasons.

BOARD OF MANAGEMENT.

The Annual Election of the Board of Management took place as usual at the Quarterly Board of Governors in June. The following Ordinary Members, retiring by rotation and being eligible, were re-elected :—

The Hon. Mrs. Rochfort Maguire
Mr. H. A. Pitman
Mr. I. M. Gluckstein
Sir Harold Kenyon, M.B.E., J.P.

Mr. Peter Fleming and Mr. Charles Wakeling, who had been appointed to fill casual vacancies during the year, having also to retire by the Laws of the Hospital and being eligible, were re-elected.

The following members of the Honorary Medical Staff were elected as Medical Members :—

Dr. W. D. W. Brooks
Dr. G. W. B. James, M.C.
Mr. F. A. Juler
Dr. A. W. Matthew
Dr. Reginald Miller
Mr. A. E. Porritt
Dr. E. Rohan Williams
Sir Charles Wilson, M.C.

The decision of Colonel Verey to retire from the office of Chairman of the Board of Management was received with general regret, but it was a great pleasure to know that he would consent to election as a Vice-President of the Hospital, to which office he has been unanimously elected.

Colonel Verey has been a member of the Board of Management for over 30 years, and apart from holding the office of Chairman of the House and Finance Committee, he has been Chairman of the Hospital since 1929. His Chairmanship coincided with a period of great development, for the past ten years have probably been the most momentous in the history of the Hospital. St. Mary's will ever be grateful to him for his wise counsel and sound direction during these important years. An opportunity has been taken to present a silver gilt loving cup, subscribed for by members of the Board of Management and Staff, to Colonel Verey as a token of their appreciation of his services. The Board are glad to know that, although not occupying the Chair, Colonel Verey has no intention of retiring from membership of either the Board or the House and Finance Committee.

Mr. Guy Harben, O.B.E., was appointed Chairman to succeed Colonel Verey and General Sir Hubert Gough, G.C.B., G.C.M.G., K.C.V.O., was appointed Deputy-Chairman.

At the first meeting of the House and Finance Committee after the Annual Election, Mr. R. M. Greenwood, C.B.E., was re-appointed Chairman of the Committee.

A welcome is extended to Lady Tweedmouth, who becomes a member of the Board of Management by virtue of her election as a Vice-President of the Hospital, and to Mr. Harold Holt, who was elected to fill one of the existing vacancies.

CHANGES IN THE MEDICAL STAFF.

The Board of Management record with much regret the resignation of Professor F. S. Langmead from the office of Physician to In-Patients and Director of the Medical Unit, and also Dr. Justina Wilson from the office of Medical Officer-in-Charge of the Electro-therapeutic Department. Professor Langmead rendered devoted service to the Hospital and Medical School and the loss of his services will be severely felt. Dr. Justina Wilson was the first woman in the history of the Hospital to be appointed a member of the Honorary Medical Staff and was mainly responsible for the creation of the Electro-therapeutic Department as an important part of the organisation of the Hospital.

In appreciation of their services, Professor Langmead has been appointed a Consulting Physician to the Hospital and Dr. Justina Wilson, Consulting Medical Officer-in-Charge of the Electro-therapeutic Department.

Professor G. W. Pickering succeeds Professor Langmead as Director of the Medical Unit and Dr. N. I. Lanckenau has been appointed Medical Officer-in-Charge of the Electro-therapeutic Department to fill the vacancy caused by the retirement of Dr. Justina Wilson.

Dr. A. Hope Gosse has been appointed Physician to In-Patients, whilst Dr. Reginald Lightwood has been elected to the newly constituted Staff appointment of Physician for Diseases of Children.

Congratulations are extended to Dr. W. D. W. Brooks upon his election as a Fellow of the Royal College of Physicians.

ALMONER'S DEPARTMENT.

The resignation, owing to ill-health, of Miss M. H. Williams, the Senior Almoner, was accepted with regret. Miss D. M. Manchée, whose work in the Special Clinic has been of outstanding excellence, has been appointed to succeed Miss Williams.

The normal working of the Department has continued in spite of the many difficulties and the inevitable imposition of emergency duties. Arrangements for convalescence and the supply of surgical appliances have been made and an endless variety of help and encouragement has been afforded to patients in need of assistance.

The Department, aided by volunteers from the Electrical and Massage Departments, undertook the staffing of the Reception Ward, set up in Allcroft Ward, in connection with the Emergency Medical arrangements. The ward was manned day and night until the close of the year, when conditions permitted a return to the normal methods of admission, although the Staff of the Department still remain in residence in readiness for the reception and registration of casualties in the event of an air raid.

War conditions have created many new social problems arising from the separation of families. Special arrangements have had to be made for a number of elderly patients who could, in normal times, have been nursed at home.

Since the outbreak of hostilities and the transfer of the Casualty Department to the Out-Patient Hall, it has been possible for the Almoner to see all the casualty patients instead of only those referred by the Medical Staff. The Casualty Department is essentially the centre of the destitute, and many who come for medical treatment are equally in urgent need of friendly advice and help with clothes, fares, homes and employment.

In September, the maternity wards were closed as part of the general emergency scheme. This involved making alternative plans for a great number of expectant mothers who had booked for admission many months ahead. Fortunately, it has been found possible to reopen part of the maternity accommodation in the Hospital for the admission of such cases whose conditions do not permit of their evacuation to outlying institutions.

One of the plans for the coming year is the extension of work amongst patients suffering from cancer. In many cases, a friendly visit discloses a need which can easily be met, bringing relief to the sufferer such as, for example, the loan of an air-cushion, or help with diet, or fares or the provision of institutional treatment.

In the Special Clinic, war conditions have served to increase the difficulties in " following-up," one of the main functions of the Almoner in this Department. Every effort has been made to ensure facilities for the continued treatment of expectant mothers and children often evacuated to isolated areas. In spite of additional obstacles, the record of work done and assistance provided throughout the year continues unabated.

As from the New Year, a reorganisation of the Almoner's Department has taken place with a view to the abolition of the artificial barrier which has often existed in the past between Out-Patients and In-Patients. Arrangements have now been made which permits patients of each Physician and Surgeon to be seen by the same Almoner whether these patients are in attendance in the Out-Patient Department, the various " Follow-up " Clinics or in the wards. This will allow of greater continuity of work and permit of adequate time for having discussions with patients on their own particular difficulties.

The war must serve as a challenge to the Almoner's Department, for increased economic and domestic stress

must be met with constructive and prompt social help. It is in this spirit that the Almoner's Department, encouraged by the ready assistance so freely given by all sections of the Hospital, hope to meet the increased demands which must inevitably arise for its services from the present upheaval in the social conditions of the country.

LADIES' ASSOCIATION.

The Ladies' Association has continued its splendid and invaluable work. This has consisted not only of generous gifts both in money and kind but also of the help afforded to every event organised in aid of the Hospital and the increasing number of friends who have become interested in the work of the Hospital through the activities of the Association.

A number of events were organised in the early part of the year, including Pound Day and a Children's Party at Fulham Palace. Work Parties have been held and, in addition, a large number of Surgical Dressings have been made for use in the Hospital.

In spite of the difficulties of the international situation, every endeavour has been made to maintain the activities of the Association and the interest of its members in the work of the Hospital.

The death of Mrs. Maynard Smith, who rendered such valuable service to the Association as Honorary Work Secretary for so many years, is recorded with deep regret.

Miss Lithiby, M.B.E., found it necessary, in view of her increasing responsibilities on National Service, to resign from the office of Honorary Treasurer, and Mrs. Morris has been appointed her successor.

The Executive Committee very earnestly appeal to all ladies interested in the Hospital to support them in their

work by joining the Ladies' Association. Mrs. Graham H. Bartlett, Honorary Secretary, Wood Edge, Hadley Wood, Herts, will gladly give full particulars of the Ladies' Association.

CHAPLAIN'S REPORT.

The Chaplain's work consists of arranging and conducting services in the Chapel and in the wards and of personal ministrations to the patients. The visiting of the patients is a daily task, and this important task has been faithfully discharged. Often, too, the Chaplain has an opportunity of speaking to friends of patients in times of anxiety and sorrow.

Services in the Chapel are held on Sundays and on certain days of the week. These services are much appreciated by the patients and staff of the Hospital. Every facility is, of course, given to clergy of all denominations to visit their own people.

VEGETABLE COLLECTION.

Attention is again directed to the scheme which has been in existence for a number of years for the voluntary supply of vegetables for the Hospital, organised by Mr. Williams-Wynn. Enthusiastic support has been given by branches of the Women's Institutes throughout the country, and subscribers, who have local influence with these Institutes, are asked to be so good as to send the name of their Branch Secretary to Mr. Williams-Wynn.

In addition, it is hoped that all war-time allotment holders who may, at any time, have a surplus of vegetables will be so kind as to remember the Hospital and its pressing needs.

The scheme provides that on any Monday in the year, selected by the donor, a strong sack will be sent from the Hospital by parcel post to be filled with not less than 1 cwt. so that it may arrive at the Hospital during the week. The fresh vegetables which have been sent have afforded an excellent variety in patients' diets and have been much appreciated. Full particulars of the scheme will gladly be given if application be made to F. R. Williams-Wynn, Esq., C.B., Chilworth Cottage, near Guildford.

Signed on behalf of the Board of Management,

GUY P. HARBEN,

Chairman.

29*th February,* 1940.

Endowment

OF

Beds and Cots.

The Benefactions which confer the privilege of Endowment are as follow:—

	Bed.	Cot.
Perpetual Endowment	£1000*	£500*
Endowment during Life	400*	200*
Annual Endowment	60	40

Subject to the Regulations of the Hospital, persons endowing beds or cots as above enjoy the privilege of naming such beds or cots and of nominating patients to occupy them.

* *May be paid in Four Annual Instalments.*

I Give and Bequeath to the Treasurer or Treasurers for the time being of a Corporation called the President and Governors of St. Mary's Hospital, Paddington, the sum of..... free of Legacy Duty, for the Endowment in perpetuity of a Bed (or Cot) in the said Hospital; the said Bed (or Cot) to be named the "....." Bed (or Cot), and I declare that the receipt of the Treasurer or Treasurers for the time being of the said Corporation shall be a sufficient discharge for the same.

For particulars respecting the Endowment of Beds and Cots see page 27.

The George Sturge Trust Fund.

In the year 1884 Mr. George Sturge, of Woodthorpe, Sydenham Hill Road, executed a Deed of Trust conveying to St. Mary's Hospital £926 *Great Eastern Railway 5 per Cent. Preference Stock, representing one thousand pounds (£1,000), under the following conditions :—

> " In giving the sum of £1,000 for a Samaritan Fund for the above Hospital, Mr. Sturge gives it on the conditions that this Fund shall be kept entirely separate from the General Funds of the Hospital, and that the income shall be paid to, or applied for, such In-Patients as may be necessitous, and within three months from their discharge from the Hospital, and for the purpose of their having necessary nourishment, clothing, or change of air."

" Mr. Sturge hopes that this Fund may be made known and that others may be induced to subscribe to it."

*Converted, in 1902, to £972 Great Eastern Railway Consolidated 4 per cent. Preference Stock, and again converted, in 1923, to £972, London & North Eastern Railway 4 per cent. 1st Preference Stock (*see page 44*)

The Disbursements under this Trust Deed are included in the Convalescent Fund Account on page 37 of this Report.

ST. MARY'S HOSPITAL, W. 2.

			£687522

NOTES.—1. The Cost of the Site, Buildings and Equipment of the Hospital prior to 1st January, 1908, and the cost of Buildings and Equipment of the Pathological Institute and the Medical School are not included in this Balance Sheet. No value is included in respect of the Adair Lodge Property.

2. The Contribution from the Ministry of Health towards the cost of the Emergency Medical Service provided by the Hospital to date has not yet been agreed.

We have examined the above Balance Sheet and the foregoing Income and Expenditure Accounts, and having compared them with the books and records of the Hospital, we find them to be in accordance therewith. We have verified the Investments and Bank Balances.

To the best of our knowledge and belief the Regulations of the Revised Uniform System of Hospital Accounts as adopted by the Central Funds have been followed in the preparation of the Accounts.

PRICE, WATERHOUSE & CO.,
Chartered Accountants.

* Including Out-Patient figures for Inoculation Department (1,330 patients and 16,164 attendances) for which no cost has been borne by the Hospital, and which therefore have been excluded when calculating Statistical Cost.

Memorials.

Surely there can be no fitter memorial of a departed relative or friend than the endowment of a Bed or Cot in a Hospital.

It is difficult to think of anything more beneficent than the endowment of a Hospital bed; or to picture a place more appropriate for a record to the Memory of a loved one than that which is dedicated and constantly devoted to the service of the sick and the alleviation of suffering.

Moreover, in the Hospital Ward, a Memorial Tablet with its inscription will be secure against disfigurement and carefully protected from the dilapidations of time.

(For particulars of Bed and Cot Endowments see pages 27–30.)

EXTRACTS FROM THE LAWS AND REGULATIONS.

EXTENT AND OBJECTS OF THE INSTITUTION.

1. The Hospital contained (31/12/39) 480 beds allotted as follows :—

General Medical Cases	... 106	*Fracture Cases...	11
General Surgical Cases	... 114	*Isolation Cases...	11
Accident Cases	12	*Maternity Cases	28
*Children, Medical Cases	... 24	*Inoculation Cases	15
*Children, Surgical Cases	... 8	*London County Council School Children (Tonsil Cases) ...	5
*Obstetric Cases	30	*Venereal Diseases	10
*Ophthalmic Cases	12	x Ray Department	2
Orthopædic Cases	8	*Private Patients' Wing ...	66
Skin Cases	6		
Ear, Nose and Throat Cases	12		480

* Special Wards are provided for these cases

GOVERNMENT AND MANAGEMENT.

The mode of government is by a Board of Management, meeting Monthly, and by Standing Committees appointed by the Board of Management.

The Board of Management consists of the President, Vice-Presidents, and Treasurers (permanent Members), and twenty-eight Governors elected annually (Ordinary Members), of whom not more than five may be women. Of the Ordinary Members eight are Members of the Medical Staff or Lecturers in the Medical School (Medical Members).

QUALIFICATIONS AND PRIVILEGES OF SUBSCRIBERS.

Ann. Subscribers of		Donors of	Privileges.
£1 1 0	or	£10 10 0	May recommend 3 Patients annually.
2 2 0	or	21 0 0	May recommend 6 Patients annually.
3 3 0	or	31 10 0	May recommend 9 Patients annually, and are eligible for Election as Governors.

Subscribers of greater sums are entitled to recommend Patients in proportion to the amount of their subscriptions. Letters are not issued unless expressly desired, as many Subscribers do not require them.

Governors have also the privilege of visiting the Hospital under regulations made by the Board of Management, provided that they previously ascertain from the House Governor that such visit will not interfere with the work of the Hospital.

Executors of any considerable benefactor by Will are eligible to be elected Honorary Life Governors.

THE MATERNITY.

Annual Subscribers of One Guinea, or *Donors* of Ten Guineas to the MATERNITY FUND, may recommend three Patients annually *to that department*; and so on in proportion to the amount of the subscription.

ADMISSION OF PATIENTS.

Applicants are treated as In-Patients or Out-Patients at the discretion of the Medical and Surgical Staff, and as the accommodation available in the Wards may permit.

Accidents and other cases deemed urgent by the Medical Officers are (so far as space permits) admitted without Letters at all times.

Holders of Letters seeking admission as In-Patients must present their Letters at the Hospital at 1 o'clock (Sundays excepted).

Much inconvenience having occurred in consequence of the arrival of Patients from a distance, without notice, it is requested that in the case of Patients coming from places so remote as to preclude easy and cheap communication with the Hospital, notice be given to the Secretary three days before the Patient intends to apply for admission, enclosing a Medical Certificate stating as fully as possible the nature of the case.

VISITING DAYS. Adults: Wednesdays and Saturdays, from 4 to 5; and Sundays and Public Holidays, from 3 to 4.

Out-patients are attended DAILY (Sundays and Public Holidays excepted). They must present their letters at the Hospital at the following times:—

Department.	Day.	Times.
General Medical and Surgical ...	Daily (except Saturdays and Sundays)	Male, 1.15 p.m. Female, 2.15 p.m.

,, CARRIERS—Thursdays, 3.30 p.m.

HAY FEVER CLINIC—Mondays, Wednesdays and Fridays, at 5.30 to 6.0 p.m. (From March 1st to June 30th).

WHOOPING COUGH—Tuesdays and Wednesdays, 11.0 a.m.

* Men seen first.

LEGACIES.

St. Mary's Hospital is empowered by its Royal Charter of Incorporation to hold Real Estate, and it is requested that any devise or bequest may be made to the "President and Governors of St. Mary's Hospital, Paddington," this being the title under which the Hospital is Incorporated.

FORMS OF DEVISE OR BEQUEST.

A. Form of devise, by Will, of real estate.

I give and devise to the President and Governors of St. Mary's Hospital all that, &c. (describing the real property) for the use of the said Hospital.

B. Form of bequest of money, &c.

I give and bequeath to the Treasurer or Treasurers for the time being of a Corporation called the President and Governors of St. Mary's Hospital, Paddington, the sum of*..... to be applied in and towards carrying on the charitable objects of that Institution. I direct that the said sum be paid free of Legacy Duty, and that the receipt of the Treasurer or Treasurers for the time being of the said Corporation shall be a sufficient discharge to my Executors for the payment of the same; and I further direct that the Executors for the said sum and the Legacy Duty thereon respectively shall be paid exclusively out of such part of my personal estate as may be legally bequeathed for charitable purposes, and in priority to all other payments thereout.

---

* The sum to be expressed in words at length.

THIRTY-FIFTH ANNUAL REPORT.

The Dresden Trustees have the honour to present their report for the twelve months ending 30th September, 1939, together with the accounts for the same period.

The objects to which the Trustees have continued to devote the funds at their disposal, and the number of Patients benefited under each head, are :—

1.	Patients	sent to Convalescent Homes (including 104 sent to Parkwood)	281
2.	„	given pecuniary assistance on discharge	25
3.	„	assisted with clothing on discharge ...	1
4.	„	provided with Surgical and Optical appliances on discharge	129
5.	„	assisted with fares to and from Convalescent Homes	270
6.	„	assisted with fares to their own homes on discharge from the Hospital ...	183

Great care has been taken to ascertain that Patients are really needy and deserving before assisting them, particularly in Class 2. Thorough enquiry into their financial circumstances has been made in each case.

During the year the Trustees of the Hospital Convalescent Home, Parkwood, Swanley, Kent, have placed 13 beds at the disposal of the Hospital. The Trustees of the Dresden Fund, as a result, have been enabled to send 104 Patients to this Home for a period of 19 days or more, and the Trustees gladly take this opportunity to record their grateful thanks to the authorities of the Hospital Convalescent Home for the great benefit which the use of these 13 beds has enabled the Trustees to confer on so many Patients of the Hospital.

Signed on behalf of the Trustees,

13th March, 1940. R. M. GREENWOOD.

DRESDEN ASSISTANCE FUND.
